

Mission Statement

Number Seven Healthcare is committed in providing dedicated, innovative support. We believe in keeping a person's wellbeing at the heart of our service, working proactively to promote a safe and nurtured relationship in order to develop a creative, supportive future.

Our mission is to tailor a person-centred approach, which cares for a person's rights and aspirations whilst also building a partnership that is based on transparency and consistency. Our staff understand and respect an individual and have the capacity to empower and improve life opportunities and promote independence.

We at Number Seven Healthcare are reflective in our practise constantly reviewing our provision ensuring it is meaningful and of benefit to the people we care and support.
